FOOD & BAKERY PRODUCTION EQUIPMENT

## The Essential Table Top Depositor

Perfect for company's looking to accurately and quickly fill or deposit flowable products into pans, containers, cups and tubs.

Although small and portable in size, the SP-16 table top depositor is built to industrial standards and will perform with maximum efficiency in even the most demanding production environments.

- › Small foot print with a robust design.
- › Easy to use and easy to clean.
- › Accurate clean deposits.
- › Foot pedal or hand lever activator.
- › Assortment of accessories.
- › Great for sauces, dips, batter, thick or thin flowable products with or without inclusions.
