6P-18A SERVO AUTO ANSWER

100% ELECTRIC – RECIPE DRIVEN – INDUSTRIAL DEPOSITING SOLUTION

Hinds-Bock has engineered the perfect INDUSTRIAL all-in-one servo actuated batter depositor. This 100% electric depositor solution is quiet, fast acting, infinitely adjustable, and tunable for virtually all of your bakery pan configurations up to 26" of operating pan width.

Tool-free disassembly, HMI recipe driven controls of suction and deposit stroke speeds, adjustable piston acceleration adjustment, and minimal change parts between configurations make this machine the leading mid-size to large scale bakery INDUSTRIAL batter depositing solution on the market.

EASY CHANGE

COLLAPSABLE BELT

DIVIDED HOPPER FOR COMBO PACKS

SWING-OUT ENCLOSURE ON ROBUST FRAME
